FIFTEEN CENTS

Parking Meters Coming Down

Maple Trees Need Spraying

Yes, Antioch, your beautiful maple trees are still being attacked by that nasty insect.

Trustee William H. Seemann reported at Monday night's village board meeting that county experts checked and said Antioch does have the problem. It is caused by an insect known as the cottony maple scale.

The village sprayed last year and

must do it again early in July of this year.

Seemann said the village has the equipment to do the job and will spray every maple tree on village and private property. He estimated that 2,000 to 3,000 trees in Antioch have the problem.

Seemann asked that residents tag their trees, perhaps with a rag, so that village crews can identify the maples.

He also asked that owners of the trees volunteer to send \$4 per tree to the Village of Antioch, 874 Main St., to help cover the cost.

"It won't do any good for a resident to hire a professional firm, because it won't be effective unless his neighbors spray, too," Seemann pointed out.

They'll Be Replaced By Signs

The parking meters in Antioch's business district will be gone soon.

They will be replaced by signs as soon as the village decides what the signs will say. Then, they must be ordered.

For example, the signs might say "2-Hour Parking" during specified hours, such as when the stores are open.

At Monday night's village board meeting, trustee Mike Haley moved to eliminate the meters. The vote was 4-2, with trustees J. Irving Walsh and Arnold Weber opposed.

Weber had suggested the meters be eliminated on a trial basis for 60 or 90 days, but that the parking meter posts be left standing. His amendment died for lack of a second.

AFTER THE meeting, Haley explained that the Antioch Chamber of Commerce recommended the removal of the meters.

"Parking meters are to rotate traffic," Haley said. "They are not a source of revenue."

All of the meters are on Main, Lake and Broadway streets in Antioch's downtown.

A village ordinance will be drawn up regarding parking fines and the possible towing away of vehicles.

Mayor Robert C. Wilton said: "If we have a problem with business people or their employees who like to park on the street all day, the ordinance can be strong enough to have their cars towed away."

VILLAGE ATTORNEY Andrew Lynch suggested that persons violating the future 2-hour parking limit, or whatever it may be, should be fined more than \$5.

"If a consistent violator gets three or four tickets at about \$15 each," it might cure him, Lynch suggested.

The idea is to open the downtown parking spaces to shoppers and get business people and their employees parking in the village lots.

NOT ONLY FUNCTIONAL, but attractive, are Antioch's new waste water treatment facilities. The building at the left is the public works garage and in front of that is the new "contact stabilization plant." In the center is the blower

building and at the right the filter building. The water in the foreground is a former filtration pond, which now is well-known as the local duck pond.

"Pollution control" is the main service being performed at Antioch's new waste water treatment plant on Turner Drive.

Dedication ceremonies were

held at the facilities last Saturday and village officials took residents on tours, explaining what it's all about.

Charles (Tod) Maplethorpe, superintendent of sewer and

water, as well as Antioch's fire chief, said it took two years or more to complete the new facilities.

2 New Policemen Hired by Village

Two new police officers, Thomas Fischer and Anthony Militano, were hired by Antioch Monday night.

Trustee Ronald J. Cunningham recommended their hiring at the village board meeting.

They will replace two men who have left the department. Fred Rakoncaj has taken a job locally as driver of a United

Parcel truck, and Gerald Hanum reportedly is moving out of state, perhaps to Colorado.

Chief John Wells said Fischer has seven years experience with the North Chicago police department. He is married, has four children and has done some

Gay Nineties' Attire For Antioch Police

Starting next Monday, and lasting till the Fourth of July, the Antioch police department will join the community in dressing-up for the Bicentennial celebration.

Chief Jack Wells said his department has picked a Gay Nineties theme or, to be specific, the way policemen dressed on Feb. 29, 1892, the day the village was incorporated.

The four dispatchers at police headquarters will wear dresses of the 1890's era while on duty. The women are talking of making the dresses themselves. They are Garnet Cook, Debbie Blessing, Sandy Domke and Lori Townsend.

Chief Wells has invited residents of the area to stop in and visit them between June 28 and July 4.

The policemen will also dress

as they would have in the 1890's, as small-town marshals. Some, of course, will remain in their 1976 uniforms to handle calls that require modern equipment.

"We'll function as normal," Chief Wells said, "but with a little color added for our nation's 200th birthday. We're

looking forward to this participation week and hope to see a lot of our residents joining in the fun."

"Reports on participation in Antioch's big Fourth of July parade are gratifying," the chief added. "It should be a very large and colorful event."

Ask any youngster who Bozo is, and he'll tell you that's the clown on Bozo's Circus, the noon-time TV show on Channel 9.

But the chances of a youngster attending the show are slim. You can request tickets, but they're booked something like 10 years in advance.

Well, here's a chance to get to the front of the waiting list.

Al and Marge Nelson, of Nelson Electric in Antioch, ordered tickets eight or nine years ago and they have finally arrived. Having no youngsters, Al and Marge are offering their 10 tickets to the highest bidder.

They will donate the money to the Antioch Rescue Squad.

The tickets are for Wednesday, July 7. Sealed bids will be accepted at the Antioch News on Main St., or by Marge Nelson at Cornelius Real Estate, on Lake St., between now and next Monday noon, June 28.

The highest bidder and the amount the Nelsons will donate to the Rescue Squad will be announced in next Wednesday's Antioch News.

The circus is televised on weekdays at the WGN studios, 2501 Bradley Place, in Chicago.

HEAR TELL that popular fella, Cricket the Clown, will be at the Piggy Bank Discount Store, 896 Main St., again this Saturday.

Cricket will be there to meet the kiddies from 10 a.m. to 2 p.m. and is expected to bring another clown with him. They were there last Saturday, too, helping Dave and Tina Zickus celebrate the first anniversary of their popular store on Main St.

THE TOWN CRIER

Most of us appreciate Antioch's volunteer rescue squad all the time, but we're especially reminded of the men's service to the community when something special happens.

That something special last week was the delivery of a baby on the way to Victory Memorial hospital. Dan Dugenske and Squad Captain Jim Fields were the "lucky" guys who made that exciting call.

It was the second time this year the rescue squad has delivered a baby on the way to the hospital.

The squad has made well over 300 emergency calls already this year, administering first aid, transporting injured persons to hospitals 20 miles away and, of course, anything in the line of duty.

There is an old story about the Lone Ranger and Tonto riding along on their horses when, suddenly, 5,000 Indians on the warpath came over a hill and began charging them.

"Tonto, what are we going to do?" asked the Lone Ranger.

"There are 5,000 Indians coming at us!"

Tonto shrugged and said:

"What are YOU going to do, white man."

WE WERE reminded of that wonderful story when we realized that this Friday is the 100th

anniversary of Custer's Last Stand.

It was June 25, 1876, when Gen. George Custer's cavalry soldiers were killed to the last man on the Little Big Horn in Montana.

Custer, only 37, was known as the "Boy-General" and was noted for his dash, courage and

flashy uniforms. The men of his brigade wore red handkerchiefs around their necks, which probably made it a little easier for Sitting Bull, Crazy Horse and the other Sioux to take aim.

BEST GOLF SCORE we heard of this week is a three-under-par 69 on Sunday by Nick Marucci, the new pro at Antioch Country Club.

Nick had four straight bird-

ies, on the 9th, 10th, 11th and 12th holes.

WE WON'T mention his name, but a friend of ours lost \$5 on this one:

A friend asked:

"Does England have a Fourth of July?"

"Of course not," insisted our reckless gambler.

The answer is obvious. The English do have a Fourth of July... they just don't celebrate it.

A successful son is the sweetest reward enjoyed by a father.

Maple Trees

Continued from page 1

He said the village should be able to kill about 80 percent of the insects, but the problem probably will arise again next summer.

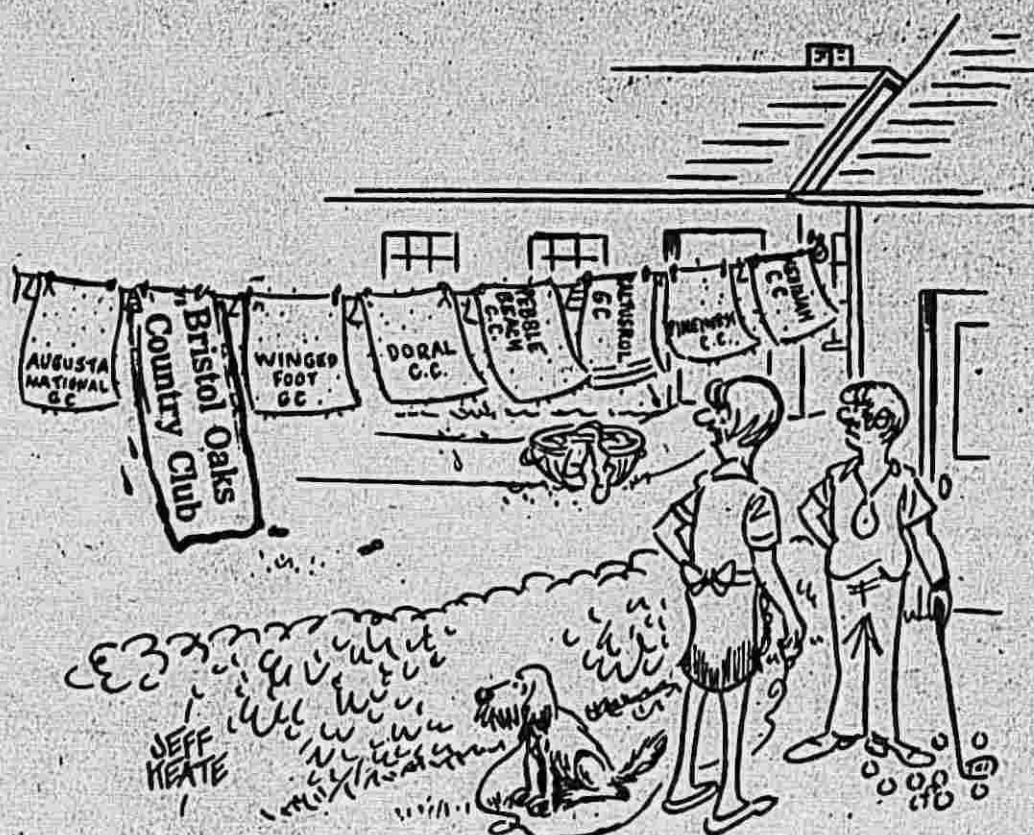

He also warned that the spraying must be done at about 5:30 a.m., before the temperature reaches 75 or 80 degrees, or the chemical can't kill the insects.

Seemann asked residents to be patient with the noise made by the sprayer early in the morning, and also to put up with the harmless residue they may find on their cars and their windows. It can easily be washed off, and it isn't dangerous to children

or animals, nor will it harm houses or cars.

Seemann said that strong, established maple trees should survive the insect, but younger trees have less chance for survival.

He said the insect already is attacking the new maple trees recently given to the village by the Chamber of Commerce.

Perilous Adventure For the Girl Scouts

By DAWN FLASCHNER

Well, here we go again, another write-up about how the Girl Scouts of Troop 213 took another one of their perilous adventures in the world of camping.

This particular adventure was different from all the others.

It wasn't the usual "hike, eat, sleep" kind of adventure. This time we went up to Camp Ma-Ka-Ja-Wan, a Boy Scout camp near Pearson, Wis., to (if you'll pardon the expression) shoot the rapids. No, not with guns, but with two-man rubber rafts, life jackets and a little help from the water.

But that wasn't how it started. The fun began at 6 a.m. on June 11. Each girl had her own gear, just the bare necessities of course (eight decks of cards, thermal undies, a pillow, air mattresses, Zest, Raid, \$20 worth of candy and Ultra-Brite).

Like I said only the bare necessities.

THE FUN continued through 5½ hours of "fun" scenery. Actually, to tell the truth, I slept through it. And to make this perilous adventure even more fun, the scouts had to put up their own tents, cook their own meals, withstand 128 degree weather and face up to the fact that they couldn't curl their hair. Believe me, it was rough. I mean not being able to curl your

hair for three whole days.

But the biggest chunk of fun for the weekend was the raft trip. We went down the Wolf River and for the most part got really wet. I think most of the girls had a lot of fun. What about the one standing on the rock in the middle of the rapids after she fell out and her raft went on without her? Huh, Nancy?

SPEAKING OF girls, I didn't even tell you who went. They were Chris Belter, Jennifer Biel, Beckie Boehm, Dianna DeVries, Debbie Dolengowski, Nancy and Jill Harland, Kirsten and Karin Laurin, Julie and Jenny Hope, Ruth Mapletorpe, Kathy McDonald, Helene Noethling, Darlene Olson, Renee Petykowski, Laura Sankey, Terry Schintgen, and me, Dawn Flaschner.

Lori Noethling, Carolyn Belter and Eddie McDonald went along with us. (A super thanks to our drivers, Mr. and Mrs. Bob McDonald, Mr. and Mrs. Dick Harland, Mr. Bill Belter, Mr. Roger Noethling, Julie Belter and Cheryl Ruyek.)

So, all in all, I think it was a real "fun, perilous adventure," even with uncurled hair and the 63 mosquito bites. But luckily, with some help from Off, the situation was well in hand as always.

I mean, we're the ones who take these perilous adventures, not you.

Along the way with ANNIE MAE

We also hear that Bill Georgeson will have his World Famous hot dog stands at the dance, for people who get hungry and love those delicious hot dogs.

HAPPY TO hear last weekend's Little League pancake breakfast was such a huge success. Bernie Gutowski, president of Antioch's Little League program, said he wants to thank everyone who turned out ... both to help and to eat. And, boy, did they ever eat ... more than 900 pancake breakfasts were served!

Look out, Chris Evert ... here comes Sue Koppa and Marilyn Sterbenz. Sue and Marilyn are beginning their tennis careers and we understand Sue won four games and Marilyn two in their first big match. (That's funny, we thought you had to win six games to win a tennis match.)

A SPECIAL congratulations to Louis and Evelyn Gardner on their 65th wedding anniversary. The Chain o' Lakes subdivision couple celebrated last Thursday, June 17.

Frank and Elsie Toman have celebrated their 30th anniversary (congrats, you two) and Monday was the birthday of Helen Sterbenz of Joe and Helen's Little Acres on Loon Lake.

WE'RE HAPPY to report that Peter Leider is back home after a six-week stay in the hospital. Boy, that's a long time to be "inside, looking out," especially at this time of the year.

A PAT on the back to the young people who patronize the Trilogy Amusement Shop at 391 Lake St. They are donating \$25 to the Antioch Rescue Squad.

There are two pool tables in the shop and owners Ray and Helen Nowak have a rule that whenever a billiard ball goes off the table, the youngster must

put 25c into a bank labeled "for the Antioch Rescue Squad."

When the kids saw the sign on the bank their response was, "Hey, far out!"

It uncovered a mammoth wildcat brewery south of Antioch on the Armstrong road, Loon Lake, with beer, brew and valuable equipment. The barn that housed the machinery was unoccupied at the time of the raid. A well-known Grass Lake resort owner held the lease on the barn. 'Shopping Spree' Winners Named

The grand prize winner in the Antioch Chamber of Commerce's annual "Shopping Spree" is Ray Palmer of Route 2, Antioch.

He will be awarded a total of \$250 in \$5 gift certificates which he can spend at any of the many stores that participated in the promotion.

The two "first prizes" of \$100 each were won by Rosalie DeLiu of 581½ Main St. and Mrs. Laura Stewart of 434 Filweber Ct.

Mrs. Stewart said:

"It was quite a surprise, of course."

We jokingly asked if she would split the gift certificates with us, and she laughed and said:

"No, but I have some grandchildren I can help out."

The second prize of \$50 in \$5 gift certificates was won by Mrs. Lewis Eberhard of 313 Hazelwood in Oakwood Knolls subdivision.

"I'm really tickled about it," she said. "I hardly ever win anything I enter. The money will come in handy because my 14-year-old daughter is outgrowing all her clothes."

detective work, the chief said.

"Fischer also has school training in police work," Chief Wells said. "He will join our department July 28 and I believe he intends to buy a home in Antioch."

Militano has four years experience with the Fox Lake police department. He also is married, has a family, and will join the department this Friday, Chief Wells indicated.

IN OTHER action at Monday's village meeting, roofing work on the village buildings was awarded to a Burlington, Wis., firm, the low bidder at \$9,345. Repairs will be made to the roofs of the police and fire departments, the rescue squad facilities, and the village offices.

The board authorized the closing of part of Broadway St. on Saturday night for the annual Firemen's Dance. Also the closing of Linden Lane for the Oakwood Knolls subdivision picnic on Sunday, Aug. 29.

Trustee William Seemann praised the work of Charles (Tod) Maplethorpe and Walter Shepard in Saturday's dedication of the new waste-water treatment plant facilities. He

said Maplethorpe conducted numerous tours and Shepard had the grounds in immaculate condition. Maplethorpe is superintendent of sewer and water, and Shepard is superintendent of public works.

THE BOARD changed the date of its first meeting in July, from Monday the 5th to Monday the 12th.

Three ordinances were passed regarding the annexation of the Antioch Bowling Lanes property to the village.

Lake Villa Dedicates New Park

The formal dedication of Lake Villa's new township park will be held Saturday. An old-fashioned picnic will be the theme of the festivities.

The dedication will feature a bronze plaque to the John Rule family which donated the initial 15 acres of the 23-acre site.

The Lake Villa town officials furnish free meat, pop and beer, and those attending should bring whatever else their family wants in its picnic basket.

The picnic is for residents of Lake Villa township only.

In keeping with the old-fashioned theme, there will be games and contests. One source of money to pay for the prizes is interesting: There will be a \$10 fee for any political figure from outside Lake Villa township. The money collected will go into the prize fund.

Any township residents who wish to help should contact either the township office or the office at the park. Donations or prizes are needed.

Fire departments from throughout Lake County will send delegates to Antioch's fire station next Monday for the 8 p.m. meeting of the county firemen's association. Antioch's fire chief, Charles (Tod) Maplethorpe is in charge of the gathering.

DARRYL GRIFFIN, spokesman for the Spring Grove congregation of Jehovah's Witnesses, has announced that three conventions are scheduled in Chicago at the Hawthorne Race Course.

He said each convention is expected to attract 20,000 delegates and 160 persons will represent Spring Grove at the first of the three meetings, Thursday through Sunday.

The program, comprised of Bible lectures, symposiums, discussion periods and full-costume dramas, will focus on the problems facing society today and suggest positive solutions to these problems, he said.

New Plant

Continued from page 1

The cost was \$700,000, but 75 percent of that money was a federal grant.

"THE NEW treatment plant means we are capable of adding about 4,000 more people to the community and serve them with waste water treatment," said Maplethorpe.

"The major thing it's doing," he added, "is protecting the Fox River and Chain o'Lakes from pollution. We are removing about 98 percent of all the pollutionable material in the waste water. We're really protecting the streams and lakes."

MAPLETHORPE SAID that the facilities remove the biological pollutants from the waste water, and also the suspended solid pollutants and the phosphorus.

"We disinfect the water with chlorine," he said, "and that removes the bacteria that can bring on illness. The water we run out is about 98 percent pure and goes to Sequoit Creek and down the Fox River."

He said it costs the average Antioch homeowner about \$8 a month to operate the complete water and sewer system.

"They don't come any more advanced than this system," he said. "If any citizens care to stop down, we're there from 7:30 a.m. to 4:30 p.m. and will be glad to show them the facilities. After all, it's their money we're spending."

BE WISE: ADVERTISE

A mother wanted her 5-year-old to feel a part of sharing responsibility for the new baby, so she gave him various jobs he could handle. After spending an afternoon together, she gave him the money to pay the babysitter. He walked into the house, handed her the money, and said, "I've come to buy back my baby brother."

Buying an air conditioner?

There's one number you should know besides the price.

Before you choose an air conditioner, ask the dealer for its energy efficiency ratio. This number tells you the efficiency of a unit. An air conditioner with an EER number of 8 or above will be thrifty for you electrically.

The EER number is computed by dividing the BTUs by the watts. A 12,000-BTU unit that uses 1500 watts will rate an 8. If the EER doesn't appear on the tag or metal nameplate, use this simple formula yourself. It's a worthwhile exercise that can pay off in electric dollar savings over the long run. **Don't buy too much capacity.** Surprisingly, an air conditioner that's too big usually won't keep you as comfortable as a smaller unit.

So measure the space to be cooled before you go to the dealer. Also note any doors that might let cool air escape, or windows that might let direct sunlight in. The dealer will have charts to translate your notes into the right air conditioner selection.

And remember to keep the filter clean. Check your owner's manual to see if you

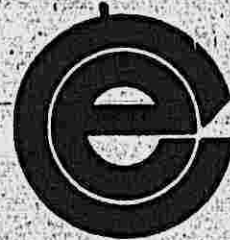

should vacuum it or wash it. In either case, a good periodic cleaning will make your air conditioner more efficient, and save you money.

Another good way to save on your cooling costs is to get an automatic timer made especially for air conditioners. If you're going to be away from home for the day, you can set the timer to turn on the air conditioner an hour or so before you return in the evening. Your home will be more comfortable, your air conditioner will get most of the day off, and you'll save money on your electric bill.

It makes a lot of sense to buy an air conditioner that starts efficient and stays efficient. And saving energy always makes sense.

Burlington Racers Win At Geneva

John Baumeister and Tom Mack, both of Burlington, won the feature events in All-American late model sportsman stock car racing at the Lake Geneva Raceway Sunday night.

Baumeister was the winner of the 20-lap event and Mack was the spectator feature winner as well as the heat and fast-time qualifier, scoring a sweep in his class of racing.

Baumeister inherited the win when Larry Leach, Elkhorn, in front with only two laps to the finish drifted wide on the second turn and both Baumeister and Jerry Straube, Waterford, got past to finish one and two with Leach third.

Leach had previously set the fastest time when he turned the track in 17.99 seconds. The low time prior to this had been set by Baumeister the previous week at 18 seconds.

The cars will return this Sunday night along with cars from other speedways.

Dave Watson of Milton managed a clean sweep in late model stock car racing at Lake Geneva Saturday night. He regained the feature race lead just inches before the finish line in the 30-lap feature.

George Weyrauch, Lake Geneva, shot into the lead and built up an advantage before being caught by Watson on the 17th lap.

Watson's qualifying time, 16.64 seconds, was the second

best for the season. He set a record the previous Saturday with 16.54 seconds. He also won a 10-lap heat race over Weyrauch and Bob Werner, Jefferson.

For Watson, it was his fourth feature win and his second in a row.

The late model stocks now look forward to the 2nd annual R.D. Performance Equipment Co. mid-season championship race at 50 laps on Saturday, July 10.

HEAVY FRIDAY afternoon rain continued into the evening and caused cancellation of the third Friday night SMAC (Super Modified Asphalt Championship) series at Lake Geneva Raceway.

The two-track series started June 4 after the super-modifieds had been introduced on Sunday nights at the Lake Geneva Raceway.

The Friday night super-modifieds are also joined by Mini-Indy cars and spectator stocks.

Feature race winners so far at Lake Geneva in the super-modifieds include Ron Bergsma, Richmond; Bob Robel, Ononomowoc; Dave Bliss, Huntely; Ron Marish, Milwaukee and Ken Monroe, Pell Lake.

Waukegan Plans 100-Lap Feature

A record purse for the Waukegan Speedway, more than twice the previous high, will attract a top field of late model stock cars for a 100-lap event on Monday night, July 5.

July 5 is the final date of the holiday weekend and has a minimum of conflicts with other tracks running this class of cars.

A total of 200 laps of racing and a demolition derby are on the special card.

The guaranteed prize money is \$7,600, with lap prizes in three races. The total pay-out could exceed \$9,000.

Starting times will be moved forward one hour, with time trials at 6 p.m. and the first race at 7. The gates will open at 4 p.m.

The purse is strengthened by 23 pre-entry bonuses and those will be paid only to those drivers pre-entered by June 28. More details are available from Short Track Auto Racing Services, 746 Bryan St., Elmhurst, Ill. 60126.

The holiday weekend at the Waukegan track will also include midget auto races on Friday night, July 2, late model on Saturday night, and super-modified races on Sunday evening, July 4.

The speedway is two miles east of the Marriott "Great America" Theme Park on Washington St.

MIKE MATHEWS of Richmond proved "when you're hot, you're hot" as he won both 25-lap super-modified features Sunday night at the speedway. It was the first feature wins

ever for the third year driver.

Hobby point leader Mike Simon of Waukegan was another double feature winner as he took both of the Father's Day hobby races. Denny Hughes of Oshkosh, Wis., took the 15-lap mini-Indy feature.

Roger Hacke, who wrecked

and nearly flipped in the first feature, led the second modified feature for eight laps before Mathews powered in front.

Dan Staackman rolled his hobby car over directly in front of the stands after a collision with Skip Don while racing for the lead. He was unhurt.

State Bank's Golf League Attracts 57 Players

The Antioch Woman's Golf League, sponsored by the State Bank of Antioch, has begun its 1976 season at Antioch Country Club.

This year a total of 57 women, including substitutes, are divided into four flights. Each flight, A, B, C, D, has 12 ladies (A-low handicap; D-high handicap), golfing on a one-to-one basis within a flight.

The standings as of June 15 showed the following leaders in each flight:

(A) Nancy Berchtold, 4 points; Louise Santino, 4 points.

(B) Louise Vos, 4 points; Jean Karas, 4 points; Dorothy Teister, 4 points.

(C) Gen Osmond, 4 points; Annette Lubkeman, 4 points; Lorraine Severson, 4 points.

(D) Phyllis Bucar, 4 points.

TEEING OFF at the Antioch Country Club in the State Bank's golf league for women are the league officers. Eileen Zannini is on her

backswing as her playing partners observe (from left) Anna Mae Dziki, Dorothy Teister and Kay Costoff, league president.

Spring Grove Driver Wins Wilmot Race

Bill Repsold of Spring Grove sounded doubtful when interviewed on the officials' stand prior to the start of the feature race for super-modifieds at the Kenosha County Speedway in Wilmot, Saturday night. He was unsure about his chances of getting a "first feature" win, but at the end of 25 fast laps, he was the winner.

Repsold, honored with a cake from his fans for his 30th birthday, drove a converted sprint car to his first feature victory after starting 10th in the 18-car field.

There was no catching Repsold in the converted sprinter because his car was much

lighter and taking the rough turns much easier than the heavier modified driven by defending champion Dick Colburn.

Ron Bergsma of Richmond won twice after taking a slow time trial due to a bad fuel pump. After sending his crew home to remove a new electric fuel pump from a boat, he was back in fast action and won a heat and the semi-feature.

Other heat race winners were fast-time qualifier Carman Menzardo, Lindenhurst; Gene Pennington, Waukegan, and Jim Hedges, Kenosha.

Crashes eliminated feature race starters Ken Monroe, Pell

Lake, and Joe Kristan, Waukegan, when they collided in the fourth heat race.

One pit-man suffered a burn after his leg was caught between a rolling wheel and a hot exhaust pipe. Bill Travanty, Kenosha, was taken to Burlington Hospital where he was treated and returned to the track.

Sportsman stock car finishes were close as Ken Zeisse, Union Grove battled Ron Holtdorff, also of Union Grove, for the win in the 15-lap late model sportsman feature. Holtdorff took the flag although Zeisse had been alongside him several times in the last five laps. John Dost of Antioch was sixth in this race and third in a 6-lap heat race.

LOUISE VOS is captured at the peak of her backswing by photographer covering action in the State Bank of Antioch's Woman's Golf League.

Others attending from Lake County will be Frank J. Nustra, recorder of deeds; and Terrence Tucker, county treasurer.

Coles

Continued from page 11

County sheriff who was convicted on income tax charges and lying to a grand jury, will be sentenced July 2.

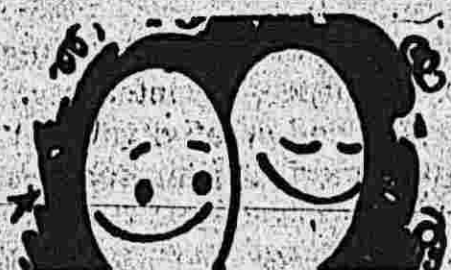

The sentencing judge was U.S. District Judge Prentice H. Marshall who found Coles guilty in a bench trial of two counts of extorting money.

Coles was found innocent on four counts of extorting money and filing false income tax returns.

Coles gave up his county board seat after the conviction but still retains his Lake Villa Township supervisor position.

Charges against Coles related to his power to issue and revoke liquor licenses as liquor commissioner of the county, a position which goes with the job of county board chairman.

Coles was found guilty of extorting Joseph Budy, owner of the Sahara Inn near Lake Bluff. He was also found guilty of extorting \$500 from William E. Dugan, owner of the Country Music Inn, Prairie View.

The Antioch News hopes you have a happy day.

NORTHWESTERN FOOTBALL coaches came to the Antioch field last week for a two-day camp designed to help area athletes improve their

skills for next fall. That's Jerry Schmidt doing the kicking. (Paul Maplethorpe Photo.)

Grid Camp Here Attracts Preps

Last week area high school athletes worked hard on improving their football skills under the guidance of three members of the Northwestern University football staff.

John Eickstead, former Hobart, Ind., All-American tail back attended Indiana University where he was a defensive end and the Big Ten's second leading punter in 1965.

Coach Eickstead presently

coaches the tackles and tight ends at Northwestern.

Nick Mourouzis, the quarterback and receiver coach for the Wildcats, was the quarterback and co-captain of the 1958 Miami of Ohio football team.

Harold Mauro presently coaches the Northwestern centers and guards, and was the center on the Indiana Big Ten champions and Rose Bowl team in 1967.

The following athletes registered for either one or both of the evening sessions:

Kenn Rosenbrock, Pete McCarthy, Keith Radke, Rick Brown, John Kakacek, Rich Motley, Scott Smith, Mike Brady, Bill Fish, Jim Crutchfield, Rich Dauck, Brian Andrews, Tom Jennrich, Tim VanderMeer, Pat Solar, Jerry Schmidt, Tim Knutson, Jeff Mulder, Mike Vos, Mike Haviland, Dan Lloyd, Rodney Arion,

Al Moore, Mike O'Hara and Tim Huebner.

Also Tom Huebner, Mark Cooper, Tom Dixon, Kevin Walsh, Victor Mannina, Chris Ano, Dan Wiczorek, Robert Ogden, Mike Lischewski, Dave Aschbacher, Scott Bartlett, Jeff Mihovilovich, Mike Mihovilovich, Bill Babe, John Cooper, Jim Mahar, Mike Calthamer, Tim Murphy, Chuck Bogaerts, Tim Perkins, Todd TenEyck, Gene Tehn and Jim Bakula.

Viking Grid Registration Is Saturday

Sign-ups for the 1976 Antioch Viking football league will be held Saturday from 9 a.m. till 12 noon at the Scouthouse on Main St.

The league is for boys from 5th through the 8th grade.

Zitkus Pitches Another Win

Lefty Dave Zitkus pitched Antioch's American Legion baseball team to a 4-3 victory over Gurnee in the second game of a doubleheader Sunday.

Antioch had lost 3-2 in the first game.

The split in the twin bill left Antioch in fourth place in the league with a 2-3 record. Gurnee is 3-3.

In the first game against Gurnee, Randy Hilbert of Antioch hit a two-run homer.

The oldest sport known to man is archery.

Giants Undefeated In Little League

The Rittenhouse & Embree Giants are undefeated after 10 games in the Antioch Little League baseball season.

Last Monday they had a close call before beating the Cubs 7-5 behind the pitching of Rick Ranney and Steve Sheedlo.

Chuck Payne and Sheedlo hit

home runs for the Giants while pitcher Frank Mahar came through with a home run for the Lyons-Ryan Cubs.

Last Thursday the Giants routed the Dodgers 18-2 with Sheedlo connecting for a grand slam homer. Dean Berkiel

scored both of the Dodgers' runs.

The Giants' coaches said Tim Higgins has been doing an outstanding job as catcher.

Standings after 10 games for each team:

American Division: Tigers 6-4, Yankees 4-6, Astros 4-6, Dodgers 3-7.

National Division: Giants 10-0, Orioles 6-4, Cardinals 4-6, Cubs 3-7.
